

BECOME A VOLUNTEER

Volunteer opportunities are ideal for anyone who is passionate about health and nutrition, and keen to develop valuable skills in the nutrition industry. Our volunteers include Nutritionists, Dietitians, and students or graduates in science, nutrition, health promotion, human movement studies, education and many other courses.

If you have other skills or experience in business, marketing, communications or design we'd love to hear from you!

'I love being a NANSW volunteer. I've been given opportunities to develop new skills and have industry specific experiences outside of my university studies. As a NANSW volunteer you have the opportunity to really be part of a supportive and passionate community.

My advice is go for it - get involved.'

Laura, NANSW volunteer
